

AVAILABLE PRODUCTS:

Temperature Sensors

- Mineral insulated cable
 - Base metal T/C cable:
Type E, J, K, T
 - Nobel metal T/C cable:
Type B, R, S
 - Refractory T/C cable:
Tungsten Rhenium, Type C, D
- Multipoint T/C assemblies for temperature profiling.
- Fan Junction for furnace tube temperature sensing:
 - Stainless Steel Sheaths
 - Hastelloy-X Sheaths
- Nuclear grade T/C's
- RTD Assemblies
- Thermowells
- Temperature transmitters

Conductor Cable Assemblies

- MGO insulated conductor cable
 - 1 thru 10 wire designs

Neutron Detectors

- Self Powered Neutron Detectors

Quality System

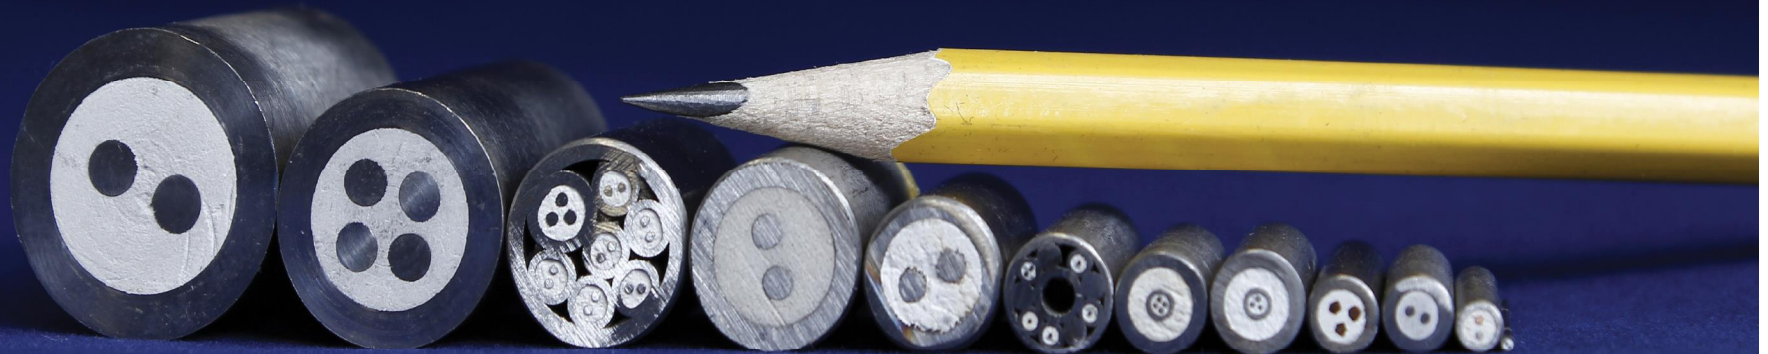

- ISO-9001-2008 Certified

Testing Options / Services Offered

- Custom testing available:
 - X-Ray
 - Helium Leak
 - Heat Treating
 - Temperature calibration
(traceable to NIST)
- Custom Furnace Brazing

Electric Heaters

- Metal sheathed electric heater cable:
 - Stocked sizes
 - Single ended
 - Double ended
 - Custom lengths
 - Multiple circuits
 - Custom formations
 - Heated & unheated sections
 - Vacuum designs
 - High Temperature Heat Tracing
 - Furnace brazed parts
- Tubular heater assemblies
- Flexible silicone rubber heaters
